» **Fears & Worries ...**

**... in Decision-Making!«**

## The lecture is open to everybody!

Decision-making is crucial in academic life, from project prioritization to navigating tough conversations. Learn how fears and worries influence decisions, explore strategies for managing uncertainty, and discover ways to enhance decision quality! Have you attended the previous „Fears and Worries“ talk? Great! Join us for more insights. New to the topic? No worries - all are welcome, no prior knowledge required!

## Online Event:

Join us for lecture and discussion.
